Avoid exposure to harmful dust by using the "clean" filter button to clean the filter

Powertool Connection Socket

Socket for power tool with automatic start/stop, Led warning, speed regulator

HEPA Filtration

High efficiency H14 cartridge 5000 cm²

The DURAVAC PRO32HS is an innovative vacuum dust extractor designed to work together with power tools such as drills and sanders. It is certified class H, ideal for a safe suction of low-risk dust.

To clean the filter you just need to push a button and it will be ready to use. It is also equipped with a multi-stage filtration system consisting of a microfibre bag and a hepa H14 cartridge. Thanks to the bag you avoid clogging the cartridge and inhaling harmful substances.
